

Alex Harrods

Aspiring Data Analyst with a background in Educational Program Development

Career Overview

Having recently completed a retraining program in Data Analytics, I am eager to apply my skills in data analysis and reporting. With over 15 years of experience in creating and managing educational programs, I have a solid foundation in project management, data collection, and analysis, which I now aim to leverage in the field of data analytics.

Core Skills

- Educational Program Development
- Analytical Thinking
- Data Collection and Analysis
